Letter of Intent

Dear Sir/Madam,

Optional

[*Name of Country*] participates in several projects of the ESFRI Roadmap for pan-European research infrastructures.

Based on the scientific interests expressed by the [*Name of University/Institute*] in [*City*], and [*further parties expressing interest?*], we would like to declare that [*Name of country*] expresses its intent in taking part in the Euro-BioImaging consortium activities.

[*Name of ministry*] considers the project Euro-BioImaging, belonging to the ESFRI Roadmap, of a very high importance. Furthermore, [*Name of ministry*] recommends the cooperation of [*existing institutes, infrastructures etc*] with Euro-BioImaging because it falls into the conception of [*Name of Country*] on large research infrastructures, which amongst others, emphasizes the collaboration of [*Name of country*] projects funded by the structural funds with ESFRI Roadmap projects.

[*Name of ministry*] represented by [*Name of representative*] recommends [*Name of national coordinator*] as the Euro-BioImaging national coordinator for [*Name of country*]. We believe her/his participation in the Euro-BioImaging project will be beneficial for [*Name of country*].

Contact:

[*Address of national coordinator*]

Yours sincerely,

[*Representative of Ministry*]
